ABOUT US....

Established in the year 2008, we Green Air Technology are engaged in manufacturing, supplying and exporting of a wide range of Air Conditioner & Ventilation system Parts and Front panels. The organization is founded by a group of young entrepreneurs, who had ambitious plans in their mind and assisted by a team of top technocrats in the line. Our team of quality controllers tests the finished parts and panels on various parameters like dimensional accuracy, corrosive tendencies, resistance to extreme temperature, thickness, blade design and powder coating.

We are progressing under the able guidance of our owner, Mr. Sukhram Bhai, who has years of industry experience in the domain. With his support and in-depth knowledge, we are able to serve and undertake different projects for air conditioning & ventilation need for IT parks, airport, hospitals and thermal power projects.

Our Mission :

On the foundation of unparalleled quality, unshakable ethics and unwavering professionalism, cement ultimate levels of customer satisfaction.

Our Vision :

Engender better value for clients through superior qualitative work prowess and emerge as the most dependable player in the industry.

Our Strategy :

This level of excellence is achieved by flawless teamwork, an eye for detail, a no-compromise attitude, a passion for putting our best into every task - and the desire to overcome every challenge.
